DETAILED ACTION

This action is responsive to papers filed on 12/14/2007.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

1. **Claims 1-5 are rejected under 35 U.S.C. 102(e) as being anticipated by Ko (U.S. Pub No. 2001/0044742).** Ko teaches a method of providing advertisements on a digital disc that includes all of the limitations recited in the above claims.

Regarding claims 1-3 and 5, Ko teaches extracting information from content on a disc (date/time information) (Paragraph 0035), correlating the extracted information to pre-determined advertisements (checking for updates based on the extracted date/time information) (Paragraphs 0039 and 0040), and placing the correlated advertisement on the disc (Paragraph 0041). The advertisements are for products or services (Paragraph 0032). The time information that is extracted from the disk is information related to the use of an electronic device. Ko teaches outdated and up-to-date information which are

inherently considered to be categories (Paragraphs 0040 and 0041). The user terminal operates as a kiosk.

Conclusion

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
